```
1<!DOCTYPE html>
2<html>
3  <head>
4    <title>Cj</title>
5    <link href="cj-client.css" rel="stylesheet" />
6  </head>
7  <body>
8    <h1 id="title"></h1>
9    <div id="error"></div>
10   <div id="links"></div>
11   <div id="items"></div>
12   <div id="edit" class="display:none;"></div>
13   <div id="queries"></div>
14   <div id="template"></div>
15   <div><pre id="dump"></pre></div>
16 </body>
17 <script src="dom-help.js">//na </script>
18 <script src="cj-client.js">//na </script>
19 <script>
20   window.onload = function() {
21     var pg = cj();
22     pg.init("/");
23   }
24 </script>
25</html>
```
